

# COLOR-CODED SANITARY SHOVELS

## KEEP YOUR OPERATION HACCP-COMPLIANT WITH OUR COLOR-CODED SANITARY SHOVELS

Malish now offers a line of color-coded sanitary shovels designed for food processing and material handling. These polypropylene shovels are made from FDA-compliant materials and are approved to be used directly with food.

### KEY BENEFITS

- One-piece construction eliminates weak points and helps to eliminate user fatigue allowing for heavier weights to be lifted.
- Available in two sizes, the larger shovel can be used for picking up heavier amounts of materials while the smaller shovel is used for smaller amounts and reaching deep in containers.
- Polypropylene construction ensures shovel will not rust and is resistant to chemicals.
- Available in blue, green, red, yellow and white
